MEMORANDUM FOR: Chairman, COMOR

25X1A

SUBJECT :  Requirements

25X1C

I plan to re-deploy the Detachment at  back to the ZI as soon as the North Vietnam requirement is completed. The Director of Central Intelligence, however, is committed to the Special Group to "take a final look" as to whether the requirements along the Sino-Indian border have been satisfactorily accomplished. I should appreciate a statement from COMOR as to whether any additional coverage is considered necessary.
